

- The storm just dropped 6” of rain!
- Your phone is ringing off the hook!
- Your crew are booked solid!
- You need 100’s of pieces of drying equipment!

HERE’S WHERE WE CAN HELP

“Quantity Program Pricing is the answer”

HERE’S HOW IT WORKS—(Quantity) Pricing = Weekly Rental

The equivalent of 60 Air Movers & 8 Phoenix 200’s LGR Dehumidifiers

“Quantity Pricing”

- Air Movers: \$ 6.00 per day x 60 units x 7 days = \$2,520.00
- LGR Dehumidifiers: \$36.00 per day x 8 units x 7 days = \$2,016.00
(Phoenix 200’s)
- Total price (weekly): = \$4,536.00

Your potential profit (example)

60 Air movers x \$ 25.00 (per day) x 7 days = \$10,500.00 - \$2,520.00 (above) = \$ 7,980.00

8 Dh’s x \$125.00 (per day) x 7 days = \$ 7,000.00—\$2,016.00 (above) = \$ 4,984.00

Delivery (?) Mileage: \$3.00 per mile (one way only) Subject to change

“ Total potential profit” = \$12,964.00”

OTHER RENTAL OPTIONS

(Customer pick-up & return)

Hydro-X Extreme Extractor	\$175.00/per day
Air Movers	\$ 8.00/per day
Phoenix 200’s LGR Dehumidifiers	\$ 50.00/per day
Cords	\$ 2.00/per day

(\$250.00 set up fee, \$250 tear down fee up to 5 hrs each, \$50 per hr there after)	

(All prices are based on payment received in 30 days. Add 25% on late payments)

Our employee loads or unloads—by themselves (\$300 flat fee +\$1.00 x # of pieces)

Rent-X has thousands of pieces of drying equipment that are loaded and ready to be delivered with the turn of a key. This is the reason Rent-X can offer this immediate response program.

We understand the critical importance of rapid moisture removal of all structural materials as well as the contents. Immediate moisture removal coupled with advanced moisture content monitoring will reduce the risk of secondary water migration and damage caused by mold growth.
